and their work telephone number is 305-716-7000. Each of my telephone calls detailed in paragraph 7 below has indicated that Messrs. Slater and Smith have worked at the address and telephone number throughout the entire time period relevant to this Declaration.

4. I sent a package with a copy of the above-identified application and a Reissue Declaration to Mr. Slater's last known work address via Federal Express on February 7, 2002. A copy of the cover letter for this package is attached as Exhibit A. A Federal Express tracking report for this package indicates that the package was delivered at 10:27 a.m. on February 8, 2002; however, I have not received the executed Reissue Declaration back from Mr. Slater. I attach as Exhibit B a copy of the Federal Express tracking report for this package.

5. I also sent a package with a copy of the same materials to Mr. Smith's last known work address via Federal Express on February 7, 2002. A copy of the cover letter for this package is attached as Exhibit C. A Federal Express tracking report for this package indicates that the package was delivered at 10:27 a.m. on February 8, 2002; however, I have not received the executed Reissue Declaration back from Mr. Smith. I attach as Exhibit D a copy of the Federal Express tracking report for this package.

6. Mr. Slater's last known email address is crslater@syntheon.com, and Mr. Smith's last known email address is kevin@syntheon.com. On the day that I sent the packages discussed in paragraphs 4 and 5, I also sent emails to Messrs. Slater and Smith at these email addresses to inform them of the sent packages. A copy of these emails is attached as Exhibit E. My email system did not return a

message that the sent emails were undelivered, indicating that the emails were received at the intended addresses. However, I have not received any reply to my emails.

7. I also have attempted to reach Messrs. Slater and Smith by telephone on several occasions. I first attempted to call them at 305-716-7000 on March 13, 2002 and left a message with a receptionist for each of them. The call was not returned. On May 16, 2002, I attempted to call them again at the same number, and left a message at each of Mr. Slater's and Mr. Smith's personal voicemails. The calls were again never returned. Finally, I attempted to call them again on June 19, 2002, and left a message with a receptionist for each of them. However, no call has been returned to this date. When leaving a message at each phone call, the receptionist at no time indicated that Messrs. Slater and Smith do not work at that number.

8. I also tried to contact Messrs. Slater and Smith on May 1, 2002 via emails, following up on the status of the packages and Reissue Declarations. My email system did not return any message that the emails were undelivered, indicating that the emails were received at the intended addresses. No reply has been made to my emails. I attach a copy of the May 1, 2002 email as Exhibit F.

9. Despite my repeated attempts to reach Messrs. Slater and Smith, I have not been able to contact them to this date.

10. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the

knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
